

Event Idea:-

## An intra Tech-club competition

As we have various technical clubs. We can have an intra Tech-club competition on current demanding Technology or a friendly coding competition.

Vision- It helps all participants to get to learn many different technologies going in market currently. It builds a platform where club members can polish their skills.

Venue- It needs a big room that can hold all the members of different clubs. Like-Orion

Budget – around rupee ten thousand.

People Needed- It needs a team of 10-12 members.

Publicity-It's a intra club competition so only Tech-club members can participate so we can inform all clubs by social media or through their presidents of different clubs.
